Summary

- As a Junior Frontend Developer, I have a solid foundation in HTML, CSS, and JavaScript, as well as experience with React. I am well-versed in the Agile/Scrum methodology and have a track record of delivering projects on time and with a focus on user experience. I am motivated by challenging and dynamic environments where I can use my problem- solving skills to make a positive impact on people's daily lives and businesses. I am a fast learner, responsible, and always up for a challenge.
